No entry fee for Best Udder and Ribbon Classes.

Entries after October 10 – October 14 — **\$75.00**

**Late Entry Fees:**

Entries after October 14 — **\$250.00**

**Rules and Regulations:**

1. Exhibitors will NOT be allowed to begin dismantling displays until 4:00 pm on Sunday, November 13. Upon request to your Superintendent, out of country cattle may be allowed in early. Exhibitors with special requests MUST contact Dairy Superintendent.
2. GLASS BOTTLES ARE NOT PERMITTED IN THE BARNs for safety and environmental reasons.
3. This show (sections 400-405) is recognized as a purebred show (unless specific classes state otherwise) and, as such, registrations will be governed by Livestock Rules and Regulations Rule 3.
4. There shall be no limit on the number of entries that may be made by an exhibitor. Notwithstanding this provision, the maximum number of animals and groups that may be exhibited by an exhibitor shall be as follows:
  - a. In the Junior Female and Dry Cow Classes a maximum of 2 entries in 2 Classes.
  - b. There is no restriction on multiple exhibits for milking female Classes.
  - c. In Classes for groups - one group.
  - d. The maximum number of animals of one breed that an exhibitor may bring to the show in Classes for single animals is as follows:

Ayrshires	17	Brown Swiss	20
Jerseys	18	Holsteins	20

A breeding unit may show 2 additional exhibits provided these are 4-H animals shown by 4-H members. These exhibits will not be eligible to compete in the Breeders Herd and Get of Sire Class.

No animal may be shown in more than one Class for single animals except for a championship, a special prize or in the Best Udder Class. To be eligible for a group Class every member of the group must be exhibited in its appropriate Class for single animals.

5. At the time of making entry the following information must be given with respect to each animal entered:
  - a. Name and Registration number
  - b. Date of Birth
  - c. Identification, in cases where tattooing is obligatory
  - d. Name and Registration number of the Sire and the Dam
  - e. Entered in the name of the registered owner(s)

NOTE: The entry fee is for making the entry ONLY. It is not a stall fee and does not guarantee tie space. You will be allocated space based on the number of animals you bring to the show.

6. Substitutions will be allowed as follows:
  - a. 4 substitutions within Breed per Exhibitor.
  - b. Substitutions must be made with the Agricultural Show Office upon arrival.
7. The registration certificates of all entries must accompany cattle to the show and be available for checking by an official of the breed association concerned.
8. **Ear tagging and animal identification must be in compliance with mandatory traceability rules and regulations of Agriculture and Agri-Food Canada.**
9. An animal owned jointly by more than one individual, firm or corporation, must be registered in the names of such owners jointly, and when shown as a single animal must be entered in the names of the joint owners. In the event that one of the joint owners is the breeder of the animal he may include it in a group Class having a "Bred-And-Owned" requirement. A joint ownership entry must be made on a separate Entry Form.
10. An exhibitor is not required to list the names and numbers of animals comprising a herd or group at the time of making entry, but such information must be given to the official appointed to check registration certificates of the breed concerned, before the commencement of judging of the herd or group.
11. No first bed of straw and shavings will be supplied.
12. Fire Marshall orders prohibit the stacking of feed and straw against the wall of the cattle barn.
13. During the period of the show no feed or bedding may be brought into the buildings by exhibitors, except or unless delivery is made between the hours of 10:00 pm and 6:00 am. **NO ROUND/LARGE SQUARE BALES (of any kind) ARE ALLOWED TO BE STORED IN THE MAIN PEDESTRIAN AISLES OF THE BARN.** If an exhibitor wishes to store bales in the barn, they must do so within the space provided by the breed barn boss.
14. All exhibitors are required to dress in white shirts and trousers to match while showing in the ring. Such attire shall not bear any letters, marks or labels purporting to reveal the identity of the exhibitors.
15. All animals exhibited in the Ring of Excellence must be identified by numbers displayed on the backs of the exhibitors. In order that these numbers may be displayed properly, a special show harness is necessary. The numbers will be supplied at no cost to the exhibitor. Shows taking place in the Ricoh Coliseum will use hatbands for increased visibility.
16. Stalls will be assigned at the complete discretion of the Dairy Cattle Superintendent having regards to the number of entries an exhibitor brings to the RAWF. The Superintendents decision is final. Any exhibitors who do not tie their entries as assigned may be asked to leave the grounds and forfeit their entry fees. Co-operation from everyone is requested.
17. **There will be a MINIMUM 75 animals SHOWN in any dairy breed show. The RAWF reserves the right to cancel a show if insufficient entries are received by the entry deadline.**
  - a. **The cow/calf classes are considered one animal entry as the cow/calf must be shown as a single unit to be eligible for placement by the judge.**

## Milk Room and Equipment

### Dairy Cattle Exhibitors — Milk Room

Please be advised that the hours of operation of the Milk Room will be extended on Dairy Cattle Show Days. Milk Room hours will be posted on the Milk Room door. The Milk Room Superintendent is Harry Emmott.

### Dairy Cattle Exhibitors — Milking Equipment

Please be advised that milking units, vacuum pumps and milk cans will not be available at the RAWF. Accordingly, dairy cattle exhibitors will be obliged to make arrangements for their milking requirements. The RAWF will establish and maintain a sanitation centre where the equipment can be washed.

# Code of Ethics for Dairy Cattle Exhibitors

Every dairy cattle exhibitor must read and follow the Code below. The signature of the exhibitor is MANDATORY on the Royal Agricultural Winter Fair's entry form BEFORE entries are processed by the Royal. By signing this entry form, an exhibitor agrees to abide by all livestock breed rules and regulations for showing.

Note: Holstein Exhibitors may be required to sign an additional declaration for Holstein Canada.

While presenting a positive image to spectators, the following is designed to support good animal husbandry both at home and at this show.

The Royal will be monitoring the barns and will provide full reports to breed associations of observed contraventions to the Code of Ethics for Dairy Cattle Exhibitors.

**EXHIBITORS SHALL PROVIDE, IF SO REQUESTED, SAMPLES OF URINE, BLOOD, OR MILK SUITABLE FOR ANALYSIS.**

## RULES AND REGULATIONS FOR SHOWING DAIRY CATTLE

The following supports good animal husbandry practices at shows, while presenting a positive image to spectators. Rules and regulations apply at all times when animals are present on the fairgrounds; every treatment is presumed to have occurred on the fairgrounds. All treatments must be authorized and in writing by a practicing veterinarian. Various methods and equipment will be used to monitor and record unethical practices or procedures, including cameras and videos. All exhibitors and their fitters, agents, or other representatives agree to abide by the following rules and regulations.

### PART I

The following practices or procedures are unacceptable in the show ring of registered dairy cattle:

1. misrepresenting the age, calving date, number of lactations, or ownership of an animal;
2. filling an animal's rumen unnaturally with liquid [tubing];
3. balancing the udder by any means other than by leaving naturally produced milk in any or all quarters;
4. treating the udder internally with an irritant, counter-irritant, or any other substance to temporarily improve conformation or produce unnatural animation;
5. treating the udder externally with an irritant, counter-irritant, or any other substance to temporarily improve conformation or produce unnatural animation (Allowable practices/substances include sealing and setting teats, and the use of external anti-inflammatory substances for the well-being of the animal.);
6. roping udders and the use of objects to physically improve definition of the suspensory center ligament;
7. administering epidural anesthesia [blocking tails] and/or applying any irritant either externally or internally to the perineal [rectum and vagina] area;
8. inserting foreign material/articles under the skin, into the topline [including hair not attached to its own hair follicle] (Administration of acceptable medications, and false switches and tails is permitted.);
9. applying foreign material/articles on the feet;
10. performing surgery of any kind to change the natural contour of appearance of the animal's body, hide, or hair. Not included is the removal of warts, teats and horns, clipping and dressing of hair, and trimming of hooves;

11. criticizing or interfering with the judge(s), show management or other exhibitors while in the show ring, as well as any conduct that violates, directly or indirectly, recognized standard show practices, or any other discreditable conduct that could damage the image of the breed or show.
12. wrapping hocks or draining fluid from hocks unless authorized by a veterinarian at the show.

For Holsteins, hair monitoring will also be undertaken by an experienced team of monitors. Any animal with excessive manipulation of hair beyond 1 ½ inches from the skin will not be allowed into the show ring.

## **PART II**

All exhibitors and their fitters, agents or other representatives agree to abide by the following procedures:

1. Exhibitors, agents, employees, or other person acting on behalf of an exhibitor, shall deliver to an inspector upon request any hypodermic syringe, needle, or other device, swabs, cloths, or other material, or samples or any medicine, preparation or substance, whether in liquid or other form, for the purposes of laboratory analysis.
2. All entries and personal property of the exhibitors, their servants and agents and persons acting on behalf of exhibitors, are subject to inspection by inspectors authorized by the Royal. All such persons shall co-operate with the inspectors and shall provide all such information in connection with such inspections and shall provide access to the animal and all information reasonably required by inspectors in connection with such inspections and shall provide, if so requested, samples of urine, milk, blood, or any other body fluids suitable for analysis.
3. Exhibitors shall remove any udder supports, blankets, or other objects limiting the ability of the inspector to undertake a thorough inspection.
4. The exhibitor agrees to act at all times in accordance with the Royal Agricultural Winter Fair's Rules and Regulations for Showing and the Standard Procedures, and will accept any final decision made there under.

Violators are subject to the following disciplinary provisions of the Standard Procedures and Penalties for Enforcing Rules and Regulations for Showing Dairy Cattle, and/or other show rules and regulations.

### **STANDARD PROCEDURES AND PENALTIES FOR ENFORCING RULES AND REGULATIONS FOR SHOWING DAIRY CATTLE**

The purpose of these procedures is to put into effect the *Rules and Regulations for Showing Dairy Cattle* as published by the Royal Agricultural Winter Fair. Should any conflict between the *Rules and Regulations* and these procedures occur, the *Rules and Regulations* shall prevail to the extent of the conflict.

1. Dairy show organizers (Royal Agricultural Winter Fair) will ensure that all owners/exhibitors sign an agreement to abide by the Rules and Regulations for Showing Dairy Cattle— either as a separate document or as part of the entry form.
2. Dairy Show organizers (RAWF) will appoint designated persons to act as the Royal's Rules/Monitoring Committee. The Rules/Monitoring Committee for the Show will be responsible for overseeing compliance with the *Rules and Regulations for Showing Dairy Cattle*.
3. The Rules/Monitoring Committee for the show, or any agent or representative of the Rules/Monitoring Committee, shall act as the Inspector under the Rules and Regulations for Showing Dairy Cattle, for the purpose of monitoring compliance. To help in this regard, such person(s), their agents or representatives shall have the authority to perform on any animal entered any of the following:

- a. an ultrasound examination of the udder, prior to and after milkout where the possibility of such examination has been announced before any judging in the class in which the animal is entered;
  - b. a milkout of any individual cow or cows;
  - c. the collection and testing of any of the animal's body fluids, at any time;
  - d. the use at any time of any other technology, and other inspections and/or analysis—including autopsy—that the Inspector considers may be useful for assessing compliance with the Rules and Regulations;
  - e. the use at any time of any audio visual equipment, including cameras and video.
4. The Inspector may, at any time, require the delivery of any hypodermic syringe, needle, or other device, swabs, cloths, or other material, or samples or any medicine, preparation, or substance, whether in liquid or other form, in the possession or control of the exhibitor, his fitter, agents or persons acting on behalf of the exhibitor for the purpose of laboratory analysis.
  5. All exhibitors, fitters, agents, or other persons acting on behalf of the exhibitor at the show shall provide promptly to the Rules/Monitoring Committee, upon request, whatever information and produce any documents required by the Rules/Monitoring Committee for the proper monitoring of compliance with the Rules and Regulations and shall fully cooperate with any inspections.
  6. The Rules/Monitoring Committee will try to warn an exhibitor or exhibitor's representative before showing that:
    - a. a complaint has been received of a possible violation of the Rules and Regulations for Showing Dairy Cattle concerning the animal to be shown; or
    - b. the Rules/Monitoring Committee has a reasonable belief that there would be a violation of the Rules and Regulations for Showing Dairy Cattle if the exhibitor's animal is shown.

If the exhibitor decides not to show the animal after receiving such a warning, no violation of the Rules and Regulations will be considered to have occurred and no disciplinary measures will be taken against the exhibitor. The Rules/Monitoring Committee will only give the above warning to an exhibitor or exhibitor's representative where the committee considers it reasonable and practical to do so and not in circumstances of disqualification of entries under the Rules and Regulations.

7. The Rules/Monitoring Committee and/or ultrasounding personnel shall have the option, following the judging of the milking cow classes, to ultrasound the udders, prior to milkout, of a representative number of the milking cow classes, or to take milk samples from a representative group of cows. If the Rules/Monitoring Committee or ultrasounding personnel undertakes the option to ultrasound the udders or to take milk samples, it shall make an announcement to this effect before the judging of the milking cow classes.
8. Where, after the judging of the classes, the Rules/Monitoring Committee considers that there has been a violation of the Rules and Regulations for Showing, these procedures, or other show rules and regulations, the accused owner(s) or representative shall be notified of the alleged violation and shall confidentially be provided with information supporting the basis for the allegation.

---

Special to Holsteins:

9. The Show organizers (Holstein Canada) shall appoint a Review Subcommittee to consider at a meeting any alleged violation of the Rules and Regulations, these Procedures, or other applicable Show Rules and Regulations relating to any animal which has been shown.
10. A representative of or agent for the Rules Committee shall attend the rules review meeting to present the allegation and supporting evidence to the Review Subcommittee. An accused owner/exhibitor/fitter shall be asked to respond to the allegations. An accused owner/exhibitor/fitter may be assisted by a representative

or agent. It is the obligation of every person, whenever requested, to attend a rules review meeting and to give whatever information and produce whatever documents may be required for the proper determination of matters pending before the Review Subcommittee. The Review Subcommittee will determine if any violation of the Rules and Regulations for Showing has occurred and will apply appropriate disciplinary measures. A finding of a violation requires agreement by a majority of the Review Subcommittee. The determinations will be reported in writing to the Show Organizers (Holstein Canada), with a copy to the affected owner(s) or other parties.

For Black and White and Red and White Holsteins showing at the Royal Agricultural Winter Fair, the following table contains a list of infractions and the penalties to be applied in the event of any violations of the Rules and Regulations for Showing.
