RULES & REGULATIONS

The Holstein Show has updated its Conduct Rules, Standard Procedures for Enforcing Conduct Rules, and Infractions and Penalties in 2018. All exhibitors will be bound to these rules, and will be required to sign an Exhibitors Agreement before entering the show ring.

Attention US Exhibitors: Please refer to the Dairy Cattle Rules & Regulations for Import Permit Process and Testing Requirements.

Standard Agreement Form: All exhibitors must read and acknowledge that they understand the Dairy Cattle Code of Ethics by signing the entry form. Entries will not be processed if the Standard Exhibitor's and Standard Agreement between Owners and Fitters are not signed.

For all Holsteins (black and white and red and white), excessive hair beyond 1.5 inches from the skin is an unacceptable practice. All Holsteins will be examined before entering the ring and any animal with the height of hair on

its topline exceeding 1.5 inches will not be allowed to enter the ring. Exhibitors will be permitted to trim the hair one time if they are over 1.5 inches at the measuring station.

Attention Exhibitors: All Holsteins showing in the Semex Ring of Excellence and the Coca-Cola Coliseum will be identified by harness cards, which will be supplied by the Royal Agricultural Winter Fair.

Please Note: In keeping with national health, bio-security interests, and breed identification rules, all Canadian dairy animals must be security tagged to show—one tag pair in each ear with all four component parts identically numbered. All US animals must carry USDA tags. Moreover, in order for US exhibitors to enter Canada, an import permit must be granted from the Canadian Food Inspection Agency.

"For Holsteins, show rules will be enforced by the Holstein Association of Canada."

Overall Premier Exhibitor Banner

Presented by The Manitoba Holstein Branch to the exhibitor/owner (individual, partnership, or institution) having the highest number of points won in individual female classes by not more than 10 animals owned by the exhibitor. This does not limit the number of animals that may be shown. In the case of jointly-owned animals, joint ownership is considered as one exhibitor. No part of the points awarded counts toward the individual score of any of the joint owners.

Overall Premier Breeder Banner

Presented by The Bullvine to the breeding unit (individual, partnership, or institution) having the highest number of points won in individual female classes with a maximum of 10 animals considered for award calculation. Animals used for the award calculation do not necessarily have to be owned by the winner. Calculation of the Premier Breeder award is determined strictly by the prefix of the animal, which can be identified on the Certificate of Registry.

Production Award

Presented by Lactanet recognizing one animal only for the highest combined kilograms fat and protein in a completed 305-day record. Cows placing first and second in each of the milking classes are eligible. Proof of production must be provided to the Holstein Clerk of the show.

Premier Sires

Premier Sires will be named for:

- 1) junior animals and
- 2) all animals in the show

Longtime Production Class

Any animals who have exceeded 70,000kg of milk must be shown in the Longtime Production Class. Production data (from Holstein Canada) is used to determine if an animal qualifies to show in the Longtime Production Class – 70,000 kg+.

However, if an exhibitor can prove to show clerks, through a verified monthly DHI report, that any other cow has exceeded 70,000 kg milk by show day, she is eligible to show in this class. No projections are accepted.
