AGRICULTURAL WINTER FAIR

## THE HISTORY

Since 1922, The Royal Agricultural Winter Fair has been a celebration of Canada's finest agricultural products, livestock, and horsemanship. What began as a vision by notable farmers after the First World War, it has grown into the largest indoor agricultural and equestrian event in North America. Every year, over 300,000 visitors gather in Toronto to experience the very best of Canadian agriculture, from award-winning livestock and world-class equestrian competitions to exceptional food and produce. Whether you're competing in The Royal Horse Show or showcasing your preserves, cattle, goats, or a six-horse hitch, a win at The Royal is something to be celebrated.

With that being said - **Welcome to The 2025 Royal Agricultural Winter Fair!** For 10 days we are proud to, once again, open our doors to the City of Toronto and offer a unique opportunity for the city to experience the country and celebrate the hard work and dedication of farmers, growers, producers, & homesteaders.

Butter sculpting has a long history at The Royal going back over 70 years. Famed agricultural artist Ross Butler made butter sculpting into a popular mainstay at The Fair, starting after WWII. It's an unusual and slippery medium, but the artists always manage to evoke the farm fresh fun atmosphere of The Royal each year.

This year we are excited to welcome back "Gay Lea's Butter Sculpting Showdown," the ultimate family-friendly game show where creativity and competition collide! Hosted by Adam Christie, watch as three talented contestants go head-to-head, sculpting and molding their way through buttery masterpieces.
