[GOOD IN EVERY GRAIN](#)

Good in Every Grain has resources available for all grades that is factual, relevant and engaging to help students learn about Ontario grains, the many foods and household items made from Ontario grains, and how Ontario grain farmers are farming sustainably! There are many free downloadable fact sheets and activity sheets for the younger students as well. [CLICK HERE](#)

Looking for something specific on a grain farming topic? Reach out to bcurtis@gfo.ca to see how Grain Farmers of Ontario can help.

[EGG FARMERS OF ONTARIO](#)

Check out a list of *Eggs-periments* and have some fun with finding the uncooked egg, see how much weight eggs can hold or even test to see what happens when an egg sits in vinegar overnight. Maybe you'll inspire some future scientists! [CLICK HERE](#)

[VEGEPOD](#) Canada

Help grow positive relationships in the gardening atmosphere. Gardening for all ages is beneficial in many ways. It gives opportunities to reflect upon their hard work, care for their growing gardens and feel pride and a sense of accomplishment as it grows. Spending free time with their gardens, whether in groups or individually allows them to experience some of the most important therapeutic benefits of gardening and leads to greater well being and increased environmental stewardship. **Vegepod** has created lesson plans with learning outcomes available in pdf. Please email astuart@royalfair.org for the learning guides:

1. KindyGarden - for early years and kindergarten programs
2. Sprouters - for kindergarten to grade 6.
