

Hall C - Food Court

Each Booth Must Order (Exhibitor Expense):

- Electrical Hook up (package suited to the needs of equipment required for operations).
- Plumbed /mechanical (continuous flow) hot water and grease trap, (interceptor).

Cleaning & Sinks: Exhibitor's Expense

Equipment for washing by hand consisting of,

- A three-compartment sink or three sinks of corrosion-resistant material of sufficient size to ensure thorough cleaning and sanitizing of utensils,
- Dedicated hand washing sink.

Cooking Equipment: Electric power

- Indoor commercial graded ecologizer (Ventless/Hood). Required for all Frying, broiling, grilling and steam vapours.
- Electrical Commercial Grade Baking / Convection Oven / commercial air fryer / other equipment (Ventless).
- Commercial use regulation approved fire extinguisher. (Class K)
- *Food Trucks*: for branding and serving only. Trucks may not be used to fry, sauté or grill as roof-top ventilation is not permitted during The Royal. Back of House area can be used for external fryers/grills with adequate indoor commercial graded ecologizers. Trucks must use building supplied electrical power and must connect to indoor water for self contained sinks. All onboard water tanks will be tested during set-up.

General: Food Operations at The Royal:

- No sharing of sinks, prep tables or services (Electrical / Water)
- Gas, propane, open flame equipment is prohibited. Generator use is not permitted.
- Only Indoor electrical smokers are permitted (with prior approval).
- Only commercial grade equipment is permitted, including air-fryers. Where applicable, annual inspection reports (i.e.: vents /ovens /filters etc.) must be shown for on site inspection.
- All Equipment, prep counters, service counters are brought by exhibitor.
- Booth Height with signage is 10'-12' in height, including all signage and menu.
- No Ceiling Hanging of Banners is permitted.

The Exhibitor is responsible for their own refrigeration. Loading Docks are used for deliveries only. There are no full-time loading bay rentals available. *When possible*, space will be allocated within proximity for small reefer trailers. 24hour Power supply must be purchased for refrigeration.

Toronto Public Health deems The Royal a *Seasonal Annual Event*. The Royal will provide all business details for each food vendor to Noraxx and TPH in advance of inspections.
